

Remember to start your measurement from 0!

PRINTABLE RULER

Use this handy ruler to measure the space where your label will be applied.

Step 01 **PRINT:** print this page to actual size or 100% scale. Do not fit, shrink or scale below 100%. For best results, Avery recommends using Adobe Acrobat Reader (free).

Step 02 **CUT OUT:** using scissors, cut the ruler out along the dotted lines.

Step 03 **MEASURE:** use the ruler to measure where your label will be applied. Remember to start your measurement from 0! It can be helpful to tape the ruler in place to prevent slippage while measuring. If using wraparound labels, Avery recommends adding an extra 5 mm overlap.

Step 04 **ORDER:** once you've got the size you need, go to avery.co.uk to order the exact label you are looking for. You can choose blank labels to print yourself or personalised labels printed by Avery.
